

INDEX

<i>Kátai I.</i> : M.V. Subbarao 1921-2006 .....	3
List of publications of M.V. Subbarao .....	5
<i>Gonda J.</i> : Some properties of polynomial-like Boolean functions .....	17
<i>Varbanets P.D.</i> : On the number of primitive integer points on elliptic cones in arithmetic progression .....	25
<i>Kátai I. and Subbarao M.V.</i> : A remark on the product partition of in- tegers into $k$ parts .....	43
<i>Kátai I. and Subbarao M.V.</i> : Some further remarks on the iterates of the $\varphi$ and the $\sigma$ -functions .....	51
<i>Indlekofer K.-H. and Bui Minh Phong</i> : Additive uniqueness sets for mul- tiplicative functions .....	65
<i>Nguyen Hoang Son</i> : Investigations on antikeys and minimal keys of relation schemes by hypergraphs .....	79
<i>Gonda J.</i> : Polynomial-like Boolean functions and the maximal closed classes .....	91
<i>Bodó B.</i> : On the choice-revealed extension operators .....	105
<i>Goginava U.</i> : The maximal operator of the $(C, \alpha)$ means of the Walsh- Fourier series .....	127
<i>Kátai I. and Subbarao M.V.</i> : Distribution of 2-additive functions under some conditions .....	137
<i>Hajba T.</i> : Optimization methods modeled by second order differential equation .....	145
<i>Balázsfalvi G. and Sztrik J.</i> : Bittorrent file sharing in mobile ad-hoc networks .....	159
<i>Lischke G.</i> : Some uncountable hierarchies of formal languages .....	171
<i>Csajbók T., Farkas G., Járαι A., Járαι Z. and Kasza J.</i> , Report on the largest known Sophie Germain and twin primes .....	181
